SCHULT EARNS **2011 GODFATHER'S PIZZA VENDOR OF THE YEAR AWARD**

Kansas City, MO. November, 2011 – **Godfather's Pizza, Inc.** awards **Schult Signs, Menus & Displays** “*2011 Vendor of the Year*”. The honors were a part of the annual Godfather's President's Circle Awards Banquet in Omaha sponsored by the President and Chief Executive Officer, Ronald B. Gartlan, and accepted by Keith Schult, Account Manager, on the behalf of Schult.

In 2011, Schult was selected by Godfather's to help refresh existing menu and branded signage – resulting in a newly designed, custom signage and menu program - developed, manufactured and deployed by Schult.

Schult manages and delivers end-to-end signage and menu products and services for Godfather's locations. This includes site surveys, design recommendations, signage and surface product replacements and optional project management and installation field services. Schult supplies Godfather's with **Smartbrite™** sustainable, energy-saving LED Signage and Menu Systems as part of the program.

For more information on Schult energy-saving signage and menu products, call 1-800-783-8998 or visit www.schult.com
