If your artwork does not match our standard formats, please contact:

Chris Paxton  
Creative Services Director  
1.800.783.8998  
[chrisp@schult.com](mailto:chrisp@schult.com)

### **Additional Specifications:**

Files may be emailed if they are 2mb or less. Large files may be mailed to **Schult, c/o Chris Paxton, 900 NW Hunter Drive, Blue Springs, MO 64015** on a CD or FTP'd via the internet at [ftp.schult.com](ftp://ftp.schult.com) (password protected, so let us know in advance if using this method.)

If the artwork uses specific fonts, please include those fonts with your artwork. Also, if artwork uses specific spot colors (Pantone or otherwise), please list these colors with your artwork. Pantone colors are preferred for maximum color accuracy. If artwork is entirely in CMYK color process, please include Pantone color equivalents to expedite the production of your artwork.

Please provide a color laser or proof of all artwork sent, pdf or paper formats are preferred.

Following these guidelines will help ensure that your work gets produced quickly and in the best quality possible.
